1. Overview

The NexusFinance Telegram bot (@nexusfinancefintech_bot) provides real-time notifications, payment reminders, and admin tools directly inside Telegram.

2. Getting Started

1. Open Telegram and search for @nexusfinancefintech_bot
2. Click 'Start' or send /start
3. The bot will show available commands
4. Use /link to connect your Telegram account to NexusFinance

3. User Commands

Command	Description
/start	Welcome message and quick actions
/help	Show all available commands
/link	Link your Telegram account — emails a verification code
/confirm <code>	Complete linking with the code sent to your email
/unlink	Unlink your Telegram account
/status	View your linked account and loan status

4. Admin Commands

Command	Description
/stats	View platform statistics (volume, customers, loans)
/loans	List recent loan applications with status
/users	List registered users
/notifications	View recent payment notifications
/broadcast <message>	Send a message to all linked users

/send <user_id> <message>	Send a message to a specific user
/reminder-check	Manually trigger payment reminder check

Admin only

Admin commands (/stats, /loans, /users, /broadcast, /send) are restricted to the configured admin Telegram ID.

5. Account Linking

5.1 Linking

- Send /link <your-email> to the bot
- A 6-digit verification code is sent to your registered email
- Send /confirm <code> to complete the link
- The code expires after 10 minutes — run /link again for a new one

Once linked, you will receive payment notifications and reminders.

5.2 Unlinking

Send /unlink to disconnect your Telegram account from NexusFinance.

5.3 Status Check

Send /status to view your linked email and current loan status, including your monthly installment amount and next due date.

6. Notifications & Reminders

- Payment confirmations — instant notification when a payment is received
- Daily reminders — scheduled at 9:00 AM Cambodia time (Asia/Phnom_Penh)
- Reminders are based on monthly installments (amortized at 5.4% APR), not the full loan amount
- New loan alerts — admin is notified when a new loan application is submitted

7. Troubleshooting

Problem	Solution
---------	----------

Bot not responding	Send /start to re-initialize
409 Conflict error	Only one bot instance can run — check Render logs
Not receiving notifications	Use /link to connect your account first
Admin commands not working	Verify your Telegram ID matches TELEGRAM_ADMIN_ID
